AISECT'S PREAMBLE

India's leading Social Enterprise, AISECT has been instrumental in delivering quality Education, Skill Development, Financial Inclusion and other ICT-based services that builds careers for students and brings about inclusive changes in the previously untapped semi-urban and rural areas of the country. Established in 1985, AISECT has been working towards bridging the skill and ICT gap between urban and rural India and creating local opportunities for the rural youth. Focused on creating an inclusive society, AISECT has been untiringly reaching out to the remotest corners of the country to empower people, generate employment for the youth and unfold entrepreneurial initiatives.

AISECT's determined efforts towards social development had been published earlier as series named "PEHEL". These initiatives were:

1. MULTIPURPOSE ELECTRONICS AND INFORMATION TECHNOLOGY CENTRES-Promoting I.T. Entrepreneurship Employment and Maintenance in Rural Areas
2. INDIRA SUCHNA SHAKTI YOJNA – One of the Biggest Computer Education Projects in Schools in India
3. INFORMATION TECHNOLOGY FOR WOMEN - Empowering Women with Skills in Information Technology
4. SUCHNA MITRA – Making People Partners in E-Governance
5. I.T. YATRA – A Campaign for Taking Information Technology to People
6. AISECT PUBLICATIONS – Creating Contents in Indian Languages
7. ENTREPRENEURSHIP DEVELOPMENT PROGRAMS

AISECT has been working towards its mission of delivering its services to every nook and corner of the country in the past years and is dedicated towards bringing a social change through its initiatives. AISECT will continue to publish these new initiatives in the field of education, skill development and services by the name "SAMARTH".

AISECT is aligned to the Government of India's key Missions of Digital India, Skill India, Start Up Stand Up, Financial Inclusion, Women Empowerment and will continue to work towards developing a New India. AISECT is committed towards spreading its array of services to reach the unreached and will continue to deliver quality Education, Skill Development, Financial Inclusion and other ICT-based services.

AISECT primarily works in seven verticals. In their endeavour to uplift and empower the rural and semi-urban masses, AISECT's unique value proposition has helped in the advancement of Educational Academies, Skill Development, Capacity Building Projects, Common Service Centres, Banking Services, Rural Job Placements and Higher Education Institutions.

Skill Development and Vocational Education :

AISECT has been working in the field of skill development and training for the past 31 years and have reached the remotest corners of the country. It is a pioneer in imparting skill development courses in local language which explains its reach at the grassroots. AISECT's reach within the country is aptly showcased through a Demographic Pyramid whereby the penetration of AISECT's various activities is highest at the bottom.

With the evolution of AISECT by working in the field of skill development some major learnings which differentiated it are as follows :

AISECT's Differentiating Factors and Learnings in the field of Skill Development

Pioneering 'Multipurpose IT Centre' Model	Course Material creation in Local Languages	Creation of an Entrepreneurial & Demand led Model	Innovative Mobilization Campaigns
Forging Developmental Linkages with ongoing Government Initiatives	Creating an 'Access Anywhere' MOOCs: aisectionline.com	Creating an innovative online & offline Placement support portal: Rojgarmantra.com	Integrating Skill Development within the Higher Education Framework
Launching India's first Community Radio station by a University	Introducing Online Live Lectures through Distance Learning Centres	Continuous addition of Emerging Vocations	In summary trying to Organize the Unorganized Sector

AISECT – NSDC Partnership:

AISECT joined hands with NSDC with the mission to skill around 1.3 million youth across rural and semi-urban India in 2012, in seven of the twenty-one priority sectors identified by NSDC. The seven sectors identified by AISECT for training the youth are IT and ITES, Electronics and Hardware, Banking and Financial Services, Teacher and Assessor Training, Textiles, Organised Retail and Agri skills. These are the sectors which are estimated to have the highest contribution towards the requirement of skilled workforce in the country over next ten years. Under this partnership AISECT has also been affiliated with 12 Sector Skill Councils formed under NSDC.

The main objectives of this partnership were :

- To **expand the skilling and training facilities of AISECT**, first in the rural and backward regions of states such as Madhya Pradesh, Chhattisgarh, Jharkhand, Bihar, Rajasthan, Uttar Pradesh, Orissa, Maharashtra and Punjab and then expand across the country.
- To **undertake massive “Training of Trainers”** program to improve the quality of skill training and to up skill the technology utilization of trainers in training.
- To **utilize the nearly 6,000 Common Service Centres (CSCs)** set up by AISECT at the Panchyat Level across Madhya Pradesh, Chhattisgarh & Punjab for skilling youth.
- To **link skill development programs with university education** and to set up Vocational Academies or Skill Resource Centers within the two AISECT Universities.
- To **support the skill development training programs by providing placement** services both online and offline to the trained manpower.
- To **expand and develop the AISECT Content Creation Center** as the backbone of the ongoing skill development efforts.

Thus, AISECT has been contributing to the Skill India Mission through the following initiatives :

Higher Education :

A path-breaker in the field of ICT and skill-based education and training, AISECT has positively empowered millions of lives through their educational initiatives over the last 33 years. The Group has established several premier higher education institutions at locations which were in dire need of quality higher education institutions. In 2006, **Dr. C. V. Raman University, central India's first private university,** was established in **Chhattisgarh** and has empowered thousands of students with industry-oriented skills. Moreover, **India's first skill-based private University, Rabindranath Tagore University, Bhopal, Madhya Pradesh** strives to impart skill-based quality education and promote research driven advancement of knowledge for creating successful professionals. Established by the AISECT Group in 2010, it has carved a niche for itself in **Madhya Pradesh**. This need of imparting skill based higher education motivated to established **AISECT University, Jharkhand, Dr. C. V. Raman University, Bihar** and **Dr. C. V. Raman University, Madhya Pradesh**. Furthermore, **SCOPE Group of Institution** (SCOPE College of Engineering and SCOPE College of Education) has been established in Bhopal. With strong industry linkages, AISECT's focus lies in the holistic learning and development of a student in order to ensure the effective application of knowledge for a secure future.

AISECT School Services :

AISECT's rich experience in the education sector has led to the establishment of a series of educational ventures, **Brainy Bear Activity Club & Pre-School**, Brainy Bear Publications and multimedia school content for students from kindergarten to class 12th that provides cost-effective, interactive learning solution to children.

AISECT has successfully integrated itself in the pre-school segment by establishing **Brainy Bear Pre-school and Activity Club chain**, aimed at providing first-of-its-kind affordable pre-schooling chain in tier 2 and 3 cities. It has also included other programs like, Mother Toddler Program and After School Program. AISECT's pre-schooling chain in the rural areas was initiated as Brainy Bear Prarambh. With over 16 centres launched within 1 year, AISECT's Brainy Bear Pre-school and Activity Club chain has successfully enrolled more than 500 students in an attempt to provide affordable and quality early childhood education to students of semi-urban and rural India.

Online Education :

Giving shape to AISECT's endeavor to support the Skill India and **Sarva Shiksha Abhiyan** movements, **aisectmoocs.com was established as India's largest free online open learning platform**. AISECT in association with Ireland-based ALISON, offers inclusivity in education by giving students in the remotest corners of the country easy and free access to world-class course curriculum with over **2000 free certificate/diploma courses available in both English and Hindi**. In a blended model students enrolled for an AISECT MOOC course will have the choice of studying at home or coming to the AISECT Centre to make use of the available facilities.

AISECT has also launched a portal '**aisectonline.com**' to empower students in the remotest corners of the country with anywhere, anytime access to education.

AISECT has also initiated concentrated efforts in various B2C services such as mobile and DTH recharge, examination form download and submission, railway ticket booking, data entry operations etc., to make such services more accessible to the common man by integrating with government departments, private businesses and other organizations.

Financial Inclusion and e-Governance Services :

Keeping in mind the urgent need for **Financial Inclusion** in the country, AISECT has successfully established a Financial Inclusion model that has been synchronizing more and more services through the AISECT's Multi-purpose ICT enable centres in rural areas. AISECT has set up over **4000 banking kiosks** in association with **3 nationalized banks and 2 regional rural banks with 88 lakh accounts opened so far and transactions worth Rs. 5000 crores**, initiated mobile ATM services, and started offering renewal premium collection services for reputed insurance companies.

AISECT's prestigious Common Service Centre Project, under the Government of India, was a resonating success and led to the establishment of 2926 CSCs in Madhya Pradesh, 1487 in Chhattisgarh and 585 CSCs in Punjab. Apart from AISECT's core education, training & B2C services, these CSCs provided services under schemes like Jan Sunwai Kendra, Farmer Registration, PFRDA, MP Online, National Population Register, MNREGA, PAN Card as well as Suidhaa Online. The AISECT's CSCs in M.P, Chhattisgarh and Punjab also functioned as the permanent UID (Aadhar) Card Enrolment Centres. Recently AISECT has also established 300 E-Mitra Kiosks in Rajasthan which are providing government services to the citizens

Placement :

Focused on bridging the demand and supply gap in the job market, AISECT has established India's biggest rural job portal, **Rojgar Mantra**. Rojgarmantra.com is a one-of-a-kind job portal focused on providing relevant employment opportunities and related services to the job seekers while at the same time providing a medium for employers to recruit suitable skilled and semi killed manpower. With over 3 lakh job seekers already registered with the portal, Rojgar Mantra is poised to be the biggest rural job placement initiative of India.

Award & Accolades :

A true path-breaker in terms of its vision, reach and passion for spreading education, technical expertise, generating employment as well as revenue opportunities for the previously untapped semi-urban and rural areas of the country, AISECT has won numerous awards and recognitions at national as well as international platforms. Recognized as “the most sustainable and scalable form of IT penetration & popularization in India” by the World Bank-IIM (A) Joint Report, AISECT has been working towards bridging the skill and ICT gap between urban and rural India. It has also been recognized by UNDP for its innovative ICT based vocational training to youth in rural and semi-urban India. The organization has been a recipient of prestigious awards like the Schwab Foundation's Social Entrepreneur of the Year Award instituted by the World Economic Forum as well as the Ashoka Senior Fellowship for AISECT's Chairman & Managing Director Mr. Santosh Choubey, Indian Innovation Award, Manthan Award South Asia & Asia Pacific, Skoch Corporate Leadership Award, NASSCOM I.T. Unique Identification Authority of India (UIDAI)

The **Unique Identification Authority of India (UIDAI)** is a statutory agency established on 12th Jul'16 by the Government of India, under the Ministry of Electronics and Information Technology (MeitY), in accordance with the Aadhaar Act 2016. Responsible for implementing the Aadhaar scheme, a unique identification project which issues a **12 digit unique-identity number to all Indian residents based on their biometric and demographic data**. The number is linked to the resident's basic demographic and biometric information such as **photograph, ten fingerprints and two iris scans**, which are stored in a centralized database.

Prior to its establishment as a statutory authority, UIDAI was functioning as an attached office of the Planning Commission of India.

The brand name of the Unique Identification number (UID) is Aadhaar. The name and logo for the unique numbers to be issued by the UIDAI have been developed keeping in mind the transformational potential of the program. Together, they communicate the essence and spirit of the UIDAI's mandate to people across the country.

Objectives:

Eliminate duplicate and fake identities

Transparent verification and authentication in an easy, cost-effective way

Access to a host of government benefits and services

Highlights:

World's largest biometric ID system

Over 1.154 billion enrolled Aadhaar members in India

Registrars :

The UIDAI has a well-defined process for appointing Registrars to assist in the enrollment process. **"Registrar" is any entity recognized by the UIDAI for the purpose of enrolling the individuals for UID numbers.**

Registrars are typically departments or agencies of the State Government/Union Territory, public sector undertakings and other agencies and organizations who interact with residents, in the normal course of implementation of some of their programs, activities or operations. Examples of such Registrars are Rural Development Department (for NREGS) or Civil Supplies and Consumer Affairs Department (for TPDS), insurance companies such as Life Insurance Corporation and Banks.

CSC e-Governance Services India

Ltd. (CSC SPV) has been appointed as Registrar by UIDAI to engage CSCs across the country, to become permanent Enrollment centres of UIDAI. Enabling CSCs to act as Permanent Enrollment Centres would facilitate the citizens to have their UID enrollments in their locality itself. This would help in obtaining cent per cent coverage of UID enrollments in an effective and efficient manner.

AISECT Ltd. has been on-boarded by UIDAI Regional Offices (RO) of states for operation of UID Enrollment.

Enrollment Agencies :

Enrollment Agencies are entities hired by the Registrars to undertake demographic and biometric data collection for UID enrollment. Enrollment Agencies must ensure continued empanellment by UIDAI in order to be engaged by the Registrars. If non-empanelled agencies are engaged by Registrars, they are also subject to the same terms and conditions as the empanelled agencies.

AISECT in UIDAI Project

AISECT Ltd. has been empanelled by UIDAI as an Enrollment Agency for various registrars to establish and operate **Permanent Enrollment Centres (PECs)** through the various centres located across India.

To cater to the needs and benefits of the rural population with UIDAI services, AISECT Ltd. has established PECs on their pre-existing centres at the Panchayat level. **AISECT Ltd. has signed a MOU with Registrar, CSC e –Governance Services India Ltd.,** in Oct' 12 in the States of Madhya Pradesh, Punjab and Chhattisgarh.

In order to establish the PECs at the centres, AISECT Ltd. has been on-boarded by various UIDAI ROs under the registrarship of CSC e –Governance Services India Ltd. **AISECT Ltd. has started its UIDAI operations with the district Panna Of Madhya Pradesh and established its first centre at village Brijpura.** Soon its centres were established in more than **30 districts of Madhya Pradesh.**

After Madhya Pradesh, **AISECT Ltd. started its operations in Punjab and Gujarat** and soon expanded to states like Chhattisgarh and Bihar. At present, there are more than **186 PECs** operating in **Chhattisgarh and Bihar with a consolidated 224 enrollment stations.**

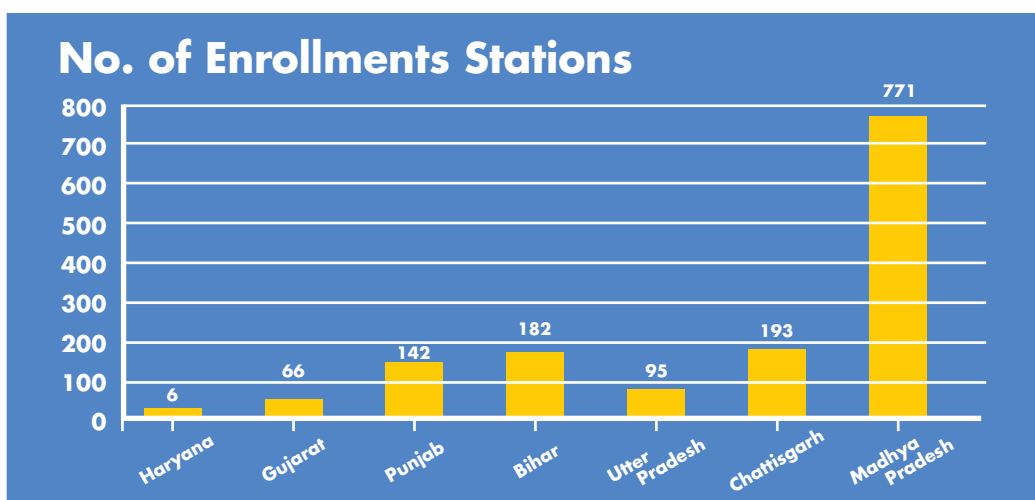

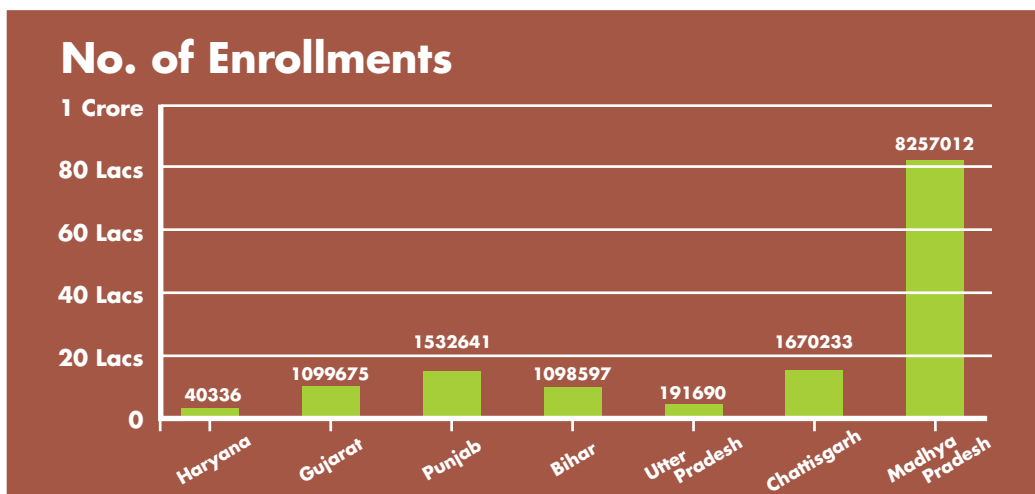

AISECT Ltd. through this initiative has **benefitted more than 1.25 crores resident** and more than **1 crore residents have received their Aadhaar numbers.**

S. No.	Name of State	No. of Enrollment Stations	No. of Enrollments
1	Madhya Pradesh	771	8257012
2	Chhattisgarh	193	1670233
3	Uttar Pradesh	95	191690
4	Bihar	182	1098597
5	Punjab	142	1532641
6	Gujarat	66	1099675
7	Haryana	6	40336
Total		1455	13890184

Citizens can get themselves enrolled and avail post-enrollment services like modification of demographic details in Aadhaar Card (Name, Address, Date of Birth, etc.) through these centres. Moreover, they can update their biometric data and link their email and mobile number with their Aadhaar number at these centres.

These Permanent Enrollment Centres serves as a **single point-of-contact offering Aadhaar based services to citizens**. Moreover, citizens can also get their e-aadhaar letter to avail beneficial Government schemes like Direct Benefit Transfer (DBT), after paying a nominal sum to the centres.

The **internet-enabled centres** also allow citizens to get their Aadhaar number by simply providing their name and biometric impression.

AISECT Ltd. has also been empanelled with the State Registrar, MPSEDC MP in Sep'14.

Till date AISECT has registered **more than 750 machines which are being used** to enroll residents as well as to provide after-enrollment services like demographic and biometric update, e-aadhaar downloading, etc.

AISECT Ltd. has also imparted UID services through more than **90 stations in the state of Uttar Pradesh**, under the Registrar of Dena Bank.

AISECT UID PROJECT TEAM

Focused on providing quality and timely UID services to residents, AISECT Ltd. has periodically updated the centres with new initiatives taken by UIDAI and to that effect established a dedicated project team for UIDAI project. This team is based at AISECT's Head Quarters in Bhopal and also at the various State and Regional Office across the country.

The UID Project Team showcasing the entire project eco-system:

TSE - Technical Support Executive
RTSE - Regional Technical Support Executive

METHODOLOGY

The objective behind the UIDAI scheme is to provide a **12 digit unique-identity number to all Indian citizens** and this necessitates a uniform enrollment process across the entire eco-system of Registrars to successfully build the residents' database. Achievement of such uniformity requires that the team involved in the enrollment process at the field-level, is thoroughly trained to accomplish the job.

AISECT Ltd. has developed a comprehensive **Training Delivery Methodology and Training Content for all stakeholders**. Understanding the need for a comprehensive mechanism to assess the person's skill and proficiency in carrying out the enrollment process, AISECT Ltd. has prescribed mandatory **Testing & Certification for enrollment personnel** to ensure adherence to quality aspects.

To ensure uniform quality of the Enrollment process and thorough understanding of all the processes involved in the Enrollment Eco-System, the **training for the Enrollment Staff is conducted by the Registrars and Enrollment Agencies**. Moreover, AISECT's State/Regional Offices also deliver **need-based training through various programmes like Classroom Training, Master Trainer's Training/TOT and Orientation /Refresher programme** of EA staff. **Mega Training Camps** are also conducted by ROs to create a large pool of Enrollment Staff.

There are other stakeholders including Officials from PRI/ULB, District Level Officers (DLOs), Introducer and Verifier which need to be sensitized about the Aadhaar Programme and their role in the Aadhaar Enrollment Process. From time to time, AISECT Ltd. also organises various programmes for these stakeholders.

The aim of the training is to make the Enrollment Staff understand how to setup and manage an Enrollment Centre, use various devices required for enrollment, familiarizing audience with the Aadhaar Enrollment process and how to handle exceptional cases through these programmes.

Registration & Activation of Enrollment Operator/ Supervisors at UIDAI

Operators /Supervisors must have their Aadhaar numbers generated and certification test passed for getting activated in accordance with UIDAI guidelines prior to commencing enrollments. AISECT Ltd. adds these Operators and Supervisors to its admin portal and issues them unique IDs to do the enrollment at PECs.

Software Installation, Configuration and Registration

AISECT Ltd. helps the PECs to install the latest version of Aadhaar Enrollment software, configured client's laptops and registered with CIDR. All the latest master data such as Pin-code, Operator credentials, list of documents, etc., should be uploaded by the client. Thorough testing is then conducted on the client along with local language support, Pin-code and master data availability. After registering, the station with CIDR Operator/Supervisor is on-boarded on the enrollment stations.

After all the pre activities are completed, PEC starts enrolling citizens. The PECs provide the following services to the residents :

■ **Enrollment of Residents :**

Residents who haven't registered themselves with UIDAI and have not received their Aadhaar number are enrolled to obtain their Aadhaar number

■ **Biometric Update of Residents :**

• **Age <5 years at the time of initial enrollment:**

The child should be re-enrolled when the child attains an age of 5 years and all biometric data should be provided.

• **Age between 5 and 15 years at the time of enrollment:**

The resident should furnish all biometrics for updates when the resident attains age of 15 years.

• **Age >15 years at the time of enrollment:**

Residents are recommended to update their biometric data every 10 years.

• Events like **accidents or diseases leading to biometric exception**

- **Biometric updates because of authentication failures** resulting from incorrect biometric capture or poor biometric quality captured at the time of enrollment

■ **Demographic Data Update for Residents:**

- Update to register changes in life events such as marriage that may lead to residents changing their basic demographic details such as name and address. Address and mobile number could also change due to migration to newer locations
- Changes in various service delivery platforms may lead residents to declaration request changes and to add mobile number to CIDR, etc.
- Errors made during the enrollment process wherein the resident's demographic data may have been captured incorrectly
- Update to change the local language of enrollment
- UIDAI may also ascertain availability of POI, POA and other documents collected at the time of enrollment/update and its quality and decide to notify resident to update their demographic information and submit the required document

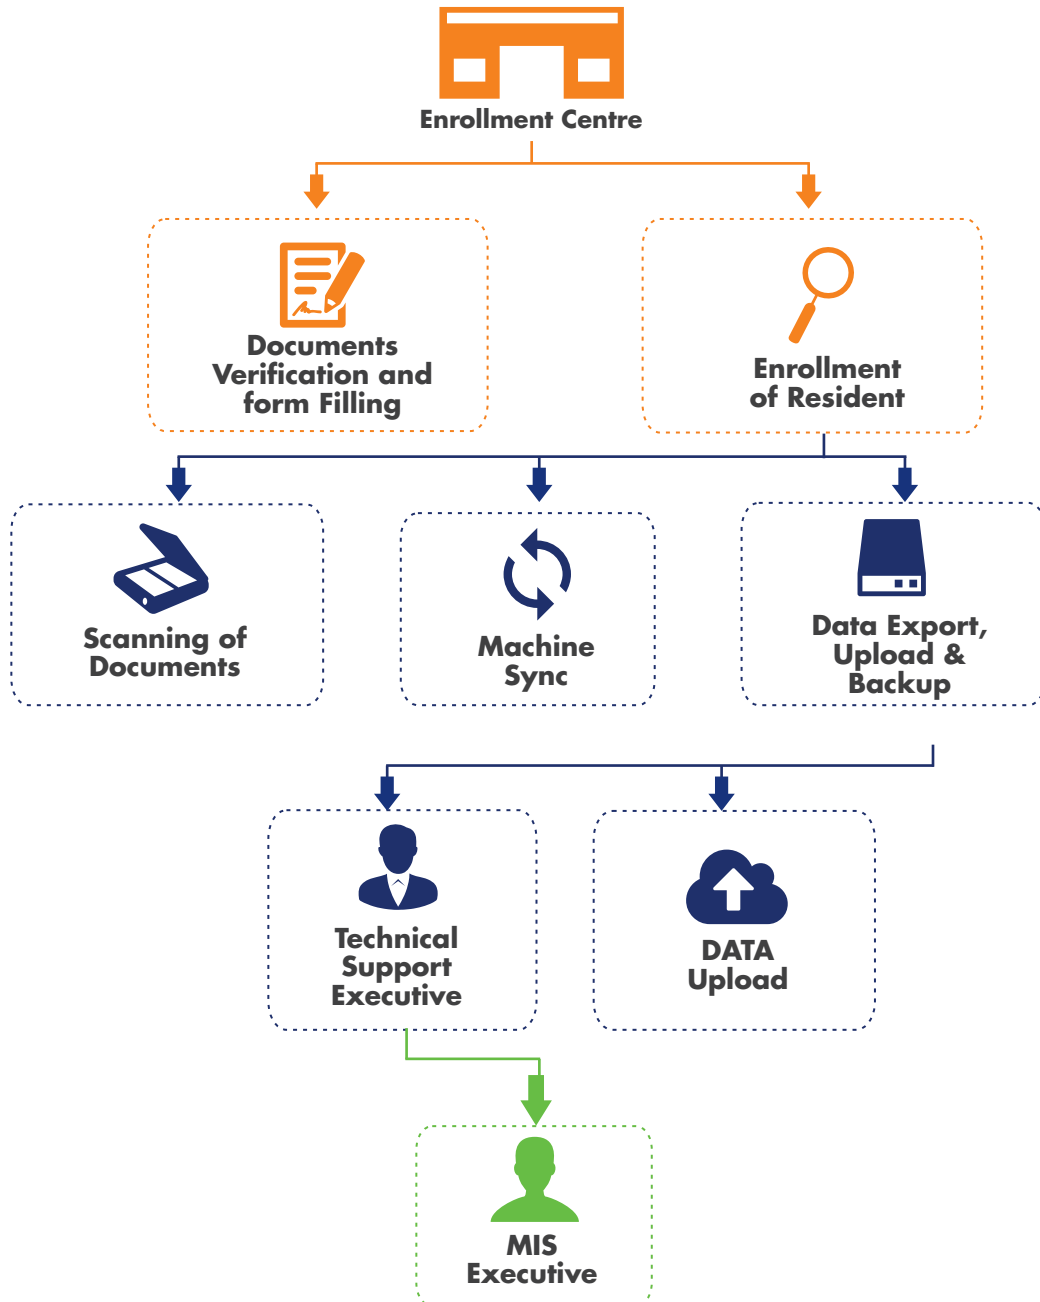

■ **Printing of E-Aadhaar :**

Residents whose Aadhaar number has been issued but card has not been received can get their e-aadhaar letter from these PECs

- **Advance Search for lost EIDS**
- **Advance search for e-aadhaar**
- **Downloading of e-aadhaar**
- **Online update through resident portal**

SUPERVISION & MONITORING

Monitoring:

AISECT Ltd. has appointed a trained team of technical support executives who have more than 5 years of experience in the UIDAI project. These technical support executives strictly monitor the syncing and uploading of packets to be done on time. Aimed at conducting monitoring uniformly across different states and regions and eradicating unwanted delay in syncing the machine and uploading of packets, the team is appointed at the Head-office level as well as on the state-level and regional-level.

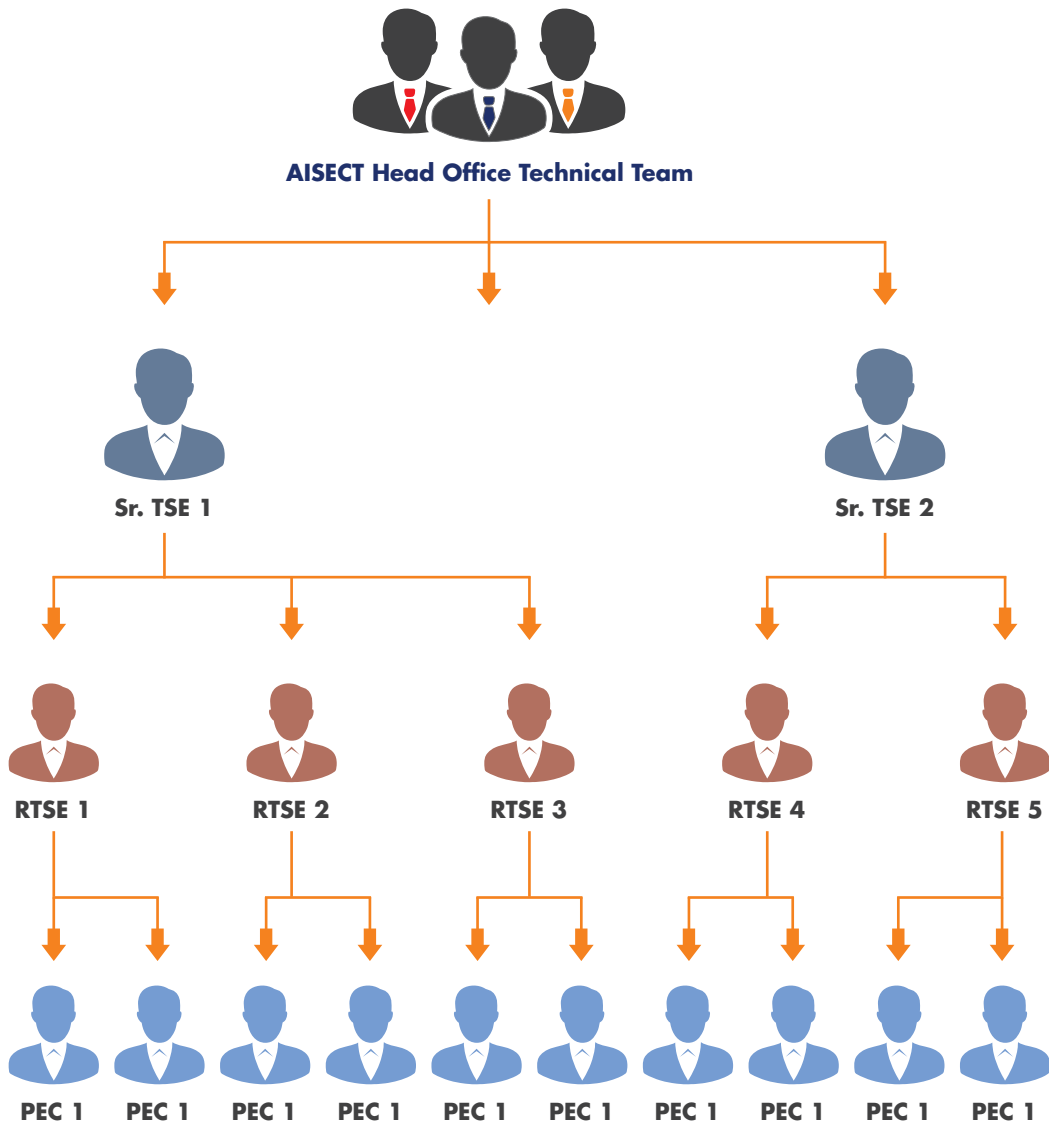

Monitoring Process Flow

Technical Support:

AISECT Ltd. has established an expert **Technical Support** team in each State/Regional Office to provide technical support during enrollment at the enrollment centre. AISECT Ltd. is one of the top Enrollment Agencies in India that provides uninterrupted and prompt technical support to the operators and supervisors on real time basis. AISECT Ltd. has the best technical support executives who are dedicated towards providing timely support to all the clients by providing remote support or physical inspection.

CAMPS AND CAMPAIGNS

Pensioners Enrollment in Madhya Pradesh:

AISECT Ltd. has also played an active role in realizing social initiatives. As per the directions from the **Social Welfare Department** of Government of India, Aadhaar camps were organised in various districts of Madhya Pradesh to cover all pending pensioner enrollments and provide the new enrollment and update services to the pensioners of the state.

Aadhaar Enrollment in Progress

Aadhaar Enrollment of Citizens

Prisoners' Enrollments in Jail:

AISECT Ltd. in collaboration with the Jail department of Madhya Pradesh had launched a **campaign for enrolling prisoners in the jail itself with the help of the Jail administration**. Many of the prisoners were enrolled during this campaign. The details of the prisoners who were not enrolled previously for Aadhaar were enrolled and some of them who had Aadhaar were updated with their biometric data as well as demographic data. The families of Jail employees were also enrolled for Aadhaar and their Aadhaar data was also updated.

Aadhaar Enrollment in Jail Premises

Enrollments in Anganwadi Centres:

According to the UIDAI analysis of remaining population to be catered for Aadhar enrollment it was seen that a major number of children who are in the age of 0-5 years are deprived of Aadhar enrollment. Hence in order to provide Aadhar number to them a campaign was launched to get these children enrolled. A route plan was developed in coordination with the Women & Child Welfare Department and the district administration for deploying the camps as per the route plan.

Aadhar Enrollment at Anganwadi Centres

SUCCESS STORIES

UID Campaign to Enroll Sadhus and Saints at Simhasth Kumbh Mahaparv Mela, Ujjain, 2016

AISECT Ltd. organized the establishment of an Enrollment Centre for the **issuance of Aadhaar number to the Sadhus and Saints who were present at the Simhasth Kumbh Mahaparv Mela, Ujjain, 2016.** Aimed at bring these pious souls in the mainstream of society, AISECT Ltd. took this opportunity and established two camps at the **Chamunda Devi Zonal Office and Datt Akhada Zonal Office.** These camps were started on 25th Apr'15.

AISECT Ltd. provided free UID services at these centres and greatly benefitted the resident or devotees or Sadhu or Sant of the region. A team of **Operator and Supervisors** were sent to do a survey at every Akhada for the enrollment of Sadhus and saints. Efforts were made to increase awareness about the importance of Aadhaar numbers among Sadhus and Saints and successfully **enrolled more than 114** Sadhus, including Naga Sadhus.

The District Administration also supported by providing the space and required infrastructure at these zonal offices with uninterrupted power-supply, free Wi-Fi services, etc. Moreover, the District Administration also started the IEC campaign by organizing Public Announcement System that invited residents to get enrolled at these centres. The District Administration also helped by providing advance search facility for the residents to fetch the information of their Aadhaar enrollment.

अपना पिंडदान कर चुके नागाओं की यूनिक आईडी

अनूप सुबोसिया | भोपाल

वे चमत्कार, भौतिक दुनिया से बिकना है। अपना स्वयं का पिंडदान तक कर दिया। मान चुके हैं कि उनका इस दुनिया में अब कोई अस्तित्व नहीं है। न किसी मस्काई कोशिका का साथ लेना है, न किसी दुकान में कोई कगार भेज करने है। लेकिन अखिर उनका पहचान होगा। यूनिक आईडी की शक्ति प्रदान करेगी। अब नया माधुओं की है राई है। बस माधुओं की नगरी में सिंहास में बठी 200 से ज्यादा माधुओं ने आता लक्ष्य के एनरोलमेंट कराए हैं।

आज के सिंहास पहचान कार्यक्रम (यूआईडीएआई) में एक एनरोलमेंट के जहाँ वहाँ सिंहास लक्षण था। इसमें इन माधुओं ने कार्डवादा फिंगर प्रिंट और आईडीएआई यूनिक एनरोलमेंट कराया। प्रथम री से ज्यादा

तो फिंक नाम मधु हो है। इन तिथियों में यूआईडीएआई डिजिटल और भोपाल के अफसर भी पहुंचे। आईडीएआई के नेशनल हेड अर्जुन प्रकाश श्रीवास्तव ने बताया कि उन्होंने दस अखाड़ा और दस माधुओं देवेंद्र सिंहास कोलम अहिंसा में कैच लगाए थे। एनरोलमेंट में सिंहास में लगे फिंकरों के अखाड़े में जाकर भी सिंहास लगाया।

पहले समझना पड़ा

टीम ने पहले अखाड़ों में जाकर माधुओं को आधार के बारे में समझाया। यह काम आसान नहीं था। हमने आधार कार्ड का मॉडल बनाया, कहा-देना भर में आप कहीं भी जाते तो इस देना के नागरिक कहेंगे। आपको पास बीटर आईडी, ड्राइविंग लाइसेंस नहीं है। यदि वह एक कार्ड लेना तो कहीं कोई परेशानी नहीं होगी।

सिंहास अफसर, युआईडीएआई (एनरोलमेंट) के नेशनल हेड अर्जुन प्रकाश श्रीवास्तव ने लगे फिंकरों को एनरोलमेंट कराया।

भस्म लपेटे धे, फिंगर प्रिंट लेने में दिक्कत

काम सधु अपने शरीर पर भस्म लपेटे रहते हैं। इन वजह से उनके फिंगर प्रिंट और एनरोलमेंट लेने में दिक्कत हुई। कुछ दुर्गुण साधुओं के लक्षणों में छोटी परेशानी हुई। एनरोलमेंट प्रिंट कर 40 फीसदी बर्ब तक है तो उसे जवाब फिंका जात है।

प्राथमिकता से आधार नंबर किए जनरोट

भारतीय सिंहास पहचान प्रक्रिया में अब लोगों की तुलना में उनके इन माधुओं के प्राथमिकता के आधार पर यह नंबर जनरोट किए गए। इन्हें वैश्वी बाई, अफदेशन, ई आधार डाउनलोड करवा बंद तक ही अन्य माधुओं भी निम्नत्व दी गई।

बच्चों के एनरोलमेंट के लिए अस्पताल में लगे शिविर

अधर एनरोलमेंट के लिए यूआईडीएआई अब जल्द ही अस्पतालों में सिंहास लगाएंगे। इनके जहाँ नवजवन सिंहास के एनरोलमेंट किए जाते। इनके लिए यूआईडीएआई ने सामान को प्रस्ताव भेज है।
